

Partner: CREATIVE YORK

The 2017 grant review panel offers the following comments after reviewing your application and hearing your presentation at our meeting:

The panel commends staff for diverse outreach to the community as well as new programming for seniors. The panel cautions Creative York to ensure the senior outreach has a strong funding model to continue it.

The panel commends the recent sell-out of classes, and encourages the organization to stop discounting classes.

The panel is concerned about the financial stability of the organization. Though the organization has been successful in recruiting corporate sponsors this past year, there does not seem to be a long-term funding plan to stabilize the organization. The next strategic plan is critical. They note a need for board directors with business acumen to assist in this process.
