The 2018 grant review panel offers the following comments after reviewing your application and hearing your presentation at our meeting:

The panel commends efforts to diversify programming to draw increased audiences.

The panel notes that this season was another year of missed opportunity to partner with the cultural sector & community. The panel did not see the example of a mutually beneficial restaurant promotion as community partnership.

The panel also comments that strategic intent is not a plan. A strategic plan would strengthen the organization and provide measurable objectives/goals for the entire board and the community.
