

Partner:

YORK YOUTH SYMPHONY ORCHESTRA

The 2018 grant review panel offers the following comments after reviewing your application and hearing your presentation at our meeting:

The panel noted that there is not much participation by the YYSO on the Cultural Alliance campaign or partnerships with the cultural sector. They encourage the YYSO to utilize their parent committee to help with the campaign and was pleased to hear that YYSO is working toward creating ensembles that can perform more in the community.

The panel also recommends creating a written policy that directs use of the endowment funds given to the YYSO.

The panel is encouraged at the collaboration of the YYSO and YJSO and their ongoing talks with YCHC to eliminate duplication and share resources. They look forward to hearing how this moves forward through the coming year.
